## Preface

L. V. McWhorter was one of the early curators of the Washington State Historical Society, serving in that capacity from 1919 until his death in 1944. Among the books which he added to the Society's library was a copy of his BORDER SETTLERS OF NORTHWESTERN VIRGINIA. Genealogists and historians have made extensive use of this book since its publication in 1915. However, they have been seriously handicapped by its lack of an index. Mrs. Helen Bumgardner, librarian of the Washington State Historical Society's collections, has, during the past six months, compiled a complete and accurate index of the personal names in this volume. It is our belief that scholars interested in this field of study will find it a valuable tool in their research.
